What are Preserved Flowers?

100% Natural Flowers

Preserved flowers are 100% natural products that have been processed using state-of-the-art technology to maintain their beauty and freshness with no need for water or sunlight.

Advantage:

1. Abundant colors: over 29 colors for you to choose from
2. Long shelf life: lasting 1-5 years with proper Storage
3. Any time: Unlike fresh flowers, Preserved flowers are not limited by seasons. You can make flowers arrangements with them any time you want.
